2017 EMERGENCY SERVICE GOLF OUTING

The 11th Annual Emergency Services Breakfast Golf Outing was held at the Black River County Club on Friday, May 12th. 80+ golfers were treated to fair weather and comfortable temperatures after the regularly scheduled day from a week prior was a washout. A great big thank you goes to the City of Marysville and Texas Roadhouse for their generous donations of door prizes. Random drawings were held at the conclusion of the golf outing and the group from Accipiter Radar won the grand prize package of free golf with carts for 4 foursomes from Marysville Golf Course. Four other participants won gift certificates to Texas Roadhouse. Golfing skills were put to the test and 6 players were awarded gift certificates from Black River County Club for closest to the pin shots for men and women on the Par 3 holes and longest drives for male and female on separate Par 5 holes. A great big thank you goes out to Black River County Club, our golf hole sponsors, and our golfers for making this a successful event.

THIS WEEK'S EBW.TV

[Kristina Anderson, Virginia Tech Shooting Survivor Tells Her Story \(Part 1\)](#)

[Kristina Anderson, Virginia Tech Shooting Survivor Story \(Part 2\)](#)

If you didn't get a chance to hear her story in person here is a part of her story.

Youth Readiness **Zombie Run** **2017**

Scott Isaacson, a student on the Youth Advisory Council, saw his plan come to fruition on Saturday 5/20 at the Fort Gratiot Nature Trail. Zombie walkers and runners of all ages and from all over the County participated. It was a great time and we are looking forward to doing this again, possibly around Halloween.

NATIONAL EMS WEEK

SCC Homeland Security and Emergency Management would like to THANK all of the EMS personnel within the County. We feel that EMS workers should be celebrated all year long with the excellent work that they do and all of the training that is required. EMS agencies that work within St. Clair County include; Tri Hospital EMS, Marysville EMS, Richmond/Lennox EMS, and Armada EMS.

Thank You!!

June is just around the corner; get ready for your **Do1Thing**

GOAL FOR JUNE: Be aware of and prepare for your family's unique needs.

Every household is different. Is there an infant or young child in your home? Does someone in your family have a medical condition that requires medication? Do you have a pet? Before disaster strikes, talk to your family about your household's unique needs. Make a list of special items you may need in a disaster.

BUSINESS GOAL FOR STEP 2: Determine what keeps your business running and take steps to ensure you can continue in an emergency or disaster

A lot happens in your business every day. Some activities can be suspended, and some can't. Prioritize which business functions are critical to the continued operation of your business in a disaster. Identify what functions can be delayed (and for how long) and what can be deferred in the event of a potential disaster. This is the foundation of your business continuity plan.

Concerned Survey

Since 2007 St. Clair County Homeland Security and Emergency Management has gathered survey information from our residents. Over the next few issues the results of some questions will be discussed.

We will begin with:

Question # 1: How concerned are you about the possibility that there will be a large – scale emergency in St. Clair County?

| Survey Year | 1 | 2 | 3 | 4 | 5 |
|-----------------------|---------------|-----|-----|-----|----------------|
| | Not Concerned | | | | Very Concerned |
| 2007 | 17% | 23% | 9% | 29% | 22% |
| 2013 | 14% | 24% | 30% | 20% | 12% |
| 2017 (ongoing) | 8% | 13% | 31% | 14% | 34% |

It is a strong possibility that the events occurring around the world and our own awareness efforts has increased St. Clair County residents concerns about the possibility of a large scale emergency within the county. This concern definitely shows the need for increased preparedness in our homes, businesses and communities.

Residents can accomplish this by utilizing the Be Ready St. Clair County Programs to help prepare themselves, friends, family, and co-workers to prepare if this event were to occur.
